ORGANIC CHEMISTRY. Westminster College, New Wilmington, Pennsylvania.
Westminster College invites applications for a Visiting Assistant Professor in the ACS-approved Chemistry Program beginning August 2016.

The successful candidate will have earned a Ph.D. in Chemistry or a related field (M.S. with experience will be considered) before August 2016, have a strong commitment to innovative undergraduate instruction, and be highly qualified to teach organic chemistry courses with corresponding labs. The successful candidate will also work closely with students and be an active and integral member of the chemistry faculty.

Westminster College is a coeducational, national liberal arts institution with historical ties to the Presbyterian Church (USA). The College enrolls approximately 1,100 full-time undergraduate students and employs approximately 94 full-time faculty. It is located in rural western Pennsylvania and is within easy driving distance of both Pittsburgh and Cleveland.

Applicants should send a cover letter, curriculum vitae, statement of teaching philosophy, and contact information for three references to Dr. Peter M. Smith, acad_bces@westminster.edu. Applications will be reviewed upon completion until the position is filled. EOE
