

Westminster College is seeking a qualified **adjunct instructor** to teach TEACHING SCIENCE EDU 311 in the Fall 2026 semester.

Course description: “This course is the introduction to the content and methods of science in PreK-8 schools. Careful attention is given to the organization and implementation of meaningful science learning experiences at the various age levels. The roles of inquiry and discovery teaching, hands-on learning activities, and current research are studied related to children’s acquisition of science concepts. Special attention is given to the treatment of values in science.”

Candidates with a Master’s Degree in Education are encouraged to apply. Candidates should have elementary teaching experience, including teaching Science in grades K – 6.

Send a CV and letter of application to the School of Education, [SchoolofEducation@westminster.edu](mailto:SchoolofEducation@westminster.edu) by July 10, 2026. Email Dr. Claire Fauzey with questions about the position. Westminster College is an equal opportunity employer.
