

Drinko Center for Undergraduate Research Group Travel/Presentation or Research Grants: Guidelines

Overview

The group grant program is intended to support either: 1) Group research projects or 2) Performances/presentations at professional conferences by groups of students (where multiple students are part of a single presentation or performance). Cases where groups travel to perform research or gain research training will also be considered. These funds may not be used for stipends or compensation of any type. Any equipment or supplies purchased for the project remain the property of the College. The travel or research can come from any discipline including work in visual and performing arts disciplines.

Important Information for the 2020-2021 Academic Year

Students who participate in College-sponsored travel via the Drinko Center for Undergraduate Research are strongly encouraged to be vaccinated. Faculty may require vaccination for domestic travel, especially if this is a requirement of the host site.

The supporting faculty member is responsible for form submission.

Eligibility and Conditions

- Each student must be enrolled as a degree-seeking student at Westminster College at the time of the travel and be in good academic standing.
- The student must have uploaded proof of vaccination to the student health portal (if grant involves travel).
- For conferences the student group must make a presentation or performance.
- Projects must be conducted under the mentorship of Westminster College faculty.
- To receive travel/presentation funding or research funding, a completed Group Grant Application must be submitted and approved prior to any expenditures.
- Award recipients are required to participate in the Undergraduate Research & Arts Celebration in the academic year of their grant, even if they intend to graduate in December. Students who fail to participate in the celebration will be responsible for paying back their grant to the college in full.
